Meeting Agenda

Group meeting for group GoAyo.

§1 Objectives

Construct a group contract and finalize our project idea.

§2 Reports

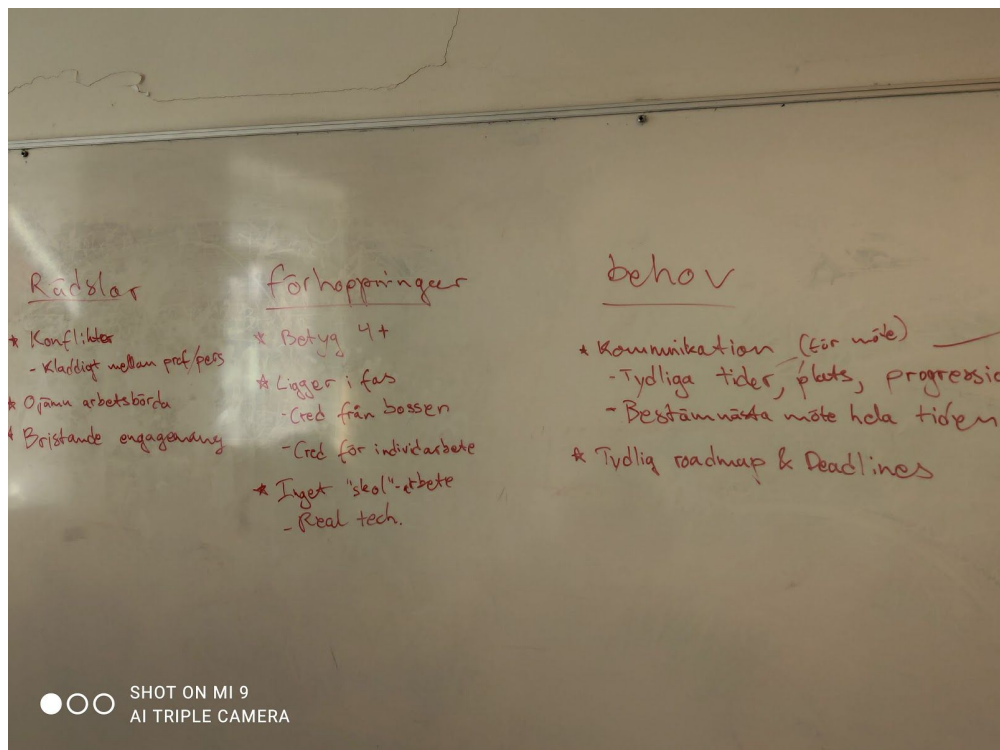

No work has been completed/initialized since last meeting.

§3 Discussion Items

1. Are we set on the idea of a finance app?
2. Team contract.
3. Meeting with Pelle.

§4 Outcomes and Assignments

1. Yes.
2. See image next page for the sketch about group dynamic. For details checkout the team contract document.
3. Pelle gave us advice below:
 - a. We should focus on user stories and try to divide them into different categories such as epics or stories.
 - b. JSON is a great way to store data.
 - c. Github project appears to be a good way to manage goals and user stories.
 - d. Git author command is useful for specifying the author of a specific git commit. It might need some fine tunings to work though.

§5 End of Meeting

Next meeting on Friday 04/09 at 13:15. Location either on campus Johanneberg or online.
